745. In the next statement a score of 1 means that you think almost all of the people in the group have a "commitment to strong families." A score of 7 means that you think almost everyone in the group "lacks a commitment to strong families." A score of 4 means that you think that the group is not towards one end or the other, and of course you may choose any number in between that comes closest to where you think people in the group stand.

REMARKS: Hand card EV contained response options 1-7.

746. In the next statement a score of 1 means that you think almost all of the people in the group have a "commitment to the fair and equal treatment of all groups in society." A score of 7 means that you think almost everyone in the group "lacks a commitment to the fair and equal treatment of all groups in society." A score of 4 means that you think that the group is not towards one end or the other, and of course you may choose any number in between that comes closest to where you think people in the group stand.

774. Now I'd like you to imagine a neighborhood that had an ethnic and racial mix you personally would feel most comfortable in. Here is a blank neighborhood card, which depicts some houses that surround your own. Using the letters A for Asian, B for Black, H for Hispanic or Latin American and W for White, please put a letter in each of these houses to represent your preferred neighborhood where you would most like to live. Please be sure to fill in all of the houses.

REMARKS:

Hand Card FC was a graphical depiction of 14 houses surrounding "your house." Respondents were asked to fill in letters in each house to represent a most desirable racial-ethnic mix. In the sheet given to respondents, houses were empty and an A, B, H, or W was to go into the middle of each house. Here, numbers have been placed in the houses to clarify which variable pertains to which house. House #1 is NEIETH1, etc.

775. **IF ATTENDED HIGH SCHOOL (EDUC), ASK IN TERMS OF “HIGH SCHOOL.” IF LEFT SCHOOL BEFORE HIGH SCHOOL, ASK IN TERMS OF “THE LAST SCHOOL YOU ATTENDED.”**

- A. Was the high school/last school you attended all white, mostly white, about half white and half other races, mostly other races, or all other races?

779. Earlier you mentioned that you spend [number in answer to WWWHR, WWWMIN] (minutes/hours) using the World Wide Web in a typical week. About how many of those do you spend using chat rooms, news groups, bulletin boards, discussion forums, and other forms of on-line interaction with other Net users—not just browsing on your own?

REMARKS:

In 2000, filter logic for the computer questions varied across versions of the survey. In Version 4, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web more than 0 minutes per week (WWWHR>0) or (WWWMIN>0). In Versions 5 and 6, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 1 hour per week (WWWHR>=1). In Versions 1 and 2, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 4 hours per week (WWWHR>=4).

REMARKS: In 2000, filter logic for the computer questions varied across versions of the survey. In Version 4, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web more than 0 minutes per week (WWWHR>0) or (WWWMIN>0). In Versions 5 and 6, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (Q.767A=1); and 2) ever used the Web (WEBTV=1); and 3) used the Web at least 1 hour per week (WWWHR>=1). In Versions 1 and 2, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 4 hours per week (WWWHR>=4).

REMARKS: In 2000, filter logic for the computer questions varied across versions of the survey. In Version 4, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web more than 0 minutes per week (WWWHR >0) or (WWWMIN >0). In Versions 5 and 6, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 1 hour per week (WWWHR >=1). In Versions 1 and 2, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 4 hours per week (WWWHR >=4).

REMARKS: Hand Card FH contained response options 1-2. In 2000, filter logic for the computer questions varied across versions of the survey. In Version 4, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web more than 0 minutes per week (WWWHR >0) or (WWWMIN >0). In Versions 5 and 6, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 1 hour per week (WWWHR >=1). In Versions 1 and 2, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 4 hours per week (WWWHR >=4).

838. Many people think it is important to have complete freedom of the press and news media in the United States. Others think that the press too often invades the privacy of public figures—like Senators or members of Congress by printing stories that contain personal details about their private lives. Which of the three statements on this card comes closest to your feelings about balancing freedom of the press and the right to privacy?

851. Next, I'm going to read you some descriptions of health problems people sometimes experience. Some people might go to a doctor, others might not.

A. The first description is:

Not being able to do moderate activities, such as moving a table, pushing a vacuum cleaner, bowling or playing golf?

How likely would you be to seek medical treatment—that is, see a doctor, a nurse or other health professional—for this situation? Would you definitely go probably go, probably not go, or definitely not go?

REMARKS: Vignette wording:

Imagine you've been experiencing headaches. You visit your doctor and talk to him about your symptoms. You also tell the doctor that you've been feeling a lot of stress lately. After doing a complete examination, the doctor decides that the headaches are probably due to stress. The doctor wants to work with you over the next month to reduce your stress.

You want to have an MRI to make sure everything is OK. An MRI is a special and expensive type of x-ray that allows doctors to take detailed pictures of parts of the body such as the heart, spinal cord, or head.

Remember that after your complete examination the doctor thinks you don't need the MRI. Then imagine that you have the following conversation with the doctor about the MRI and financial incentives. In this dialogue, the patient speaks first.

VIGNETTE 1 - CODE 1

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: Our physician's group does have financial incentives to keep costs down by avoiding tests when they are not necessary. However, no single decision about an MRI affects my salary. In my opinion an MRI is not needed in your case.

VIGNETTE 2 - CODE 2

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: It used to be that physicians were able to provide tests for patients just to set their minds at rest. Unfortunately, your health plan won't allow me to do it for that reason. Even though I'd like to order it for you, your plan is not going to pay for it.

VIGNETTE 3 - CODE 3

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: I can understand that you're worried about whether everything is OK. It also sounds like you're worried that I'm not ordering the test because it's too expensive. These days with Managed Care lots of people share your worries about this. I want to set your mind at rest because I truly do not think that the test is needed at this point.

VIGNETTE 4 - CODE 4

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: I understand that you'd like an MRI to make sure that everything is OK. But based on your symptoms, I really don't think you need one. I'd like to treat you for a month or so and then talk again about whether we need an MRI. Would that be acceptable to you?

VIGNETTE 5 - CODE 5

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: I've had a lot of experience taking care of patients with problems like yours. The problem you're having is really quite common. You should follow the treatment I've outlined, and then I can reevaluate the situation again in a month.

VIGNETTE 6 - CODE 6

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: I usually don't order an MRI under circumstances like yours. There's no outside pressure that has made any difference in how I treat patients with headaches. You may set your mind at rest that I'm doing this because this is how I practice medicine.

861. This section is about physicians telling patients about how health insurance and managed care policies affect health care. First, I will ask you about your health care. Later, you will hear a recorded conversation between a doctor and patient and I'll ask some questions about the conversation.

Do you have a regular doctor or clinic?

REMARKS: Vignette text:

Next I'm going to describe a youth -- named (John/Mary). After I read a description of (him/her) I'll ask you some questions about how you think and feel about (him/her).

ADHD vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female), (child who is 8/youth who is 14) years old. (John/Mary) has always had trouble in school, especially in completing assignments on time, even though (he/she) has average intelligence. (John/Mary)'s teachers note that (John/Mary) is very distractible, and that they often have to remind (John/Mary) to get back to the task at hand. (John/Mary) is often up and down, out of (his/her) seat, looking out the window, or talking to classmates (John/Mary) does similar things at home. (His/Her) parents notice that (he/she) easily forgets what (he/she)'s supposed to be doing, has trouble getting up in the morning and going to bed at night, and loses things like toys and games. (John/Mary) also has difficulty making and keeping friends.

Depression vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female) (child who is 8/youth who is 14) years old. In the last few months, (John/Mary) has been increasingly moody, staying in (his/her) room after school, and seems to have lost interest in (his/her) favorite hobbies and in friends. (John/Mary) says that (he/she) always feels very tired even though (he/she) is sleeping more than normal, and doesn't feel like eating. (John/Mary) has been having trouble concentrating on what (he/she) is doing both in school and at home, and has told (his/her) parents that "I wish I hadn't been born." One of (John/Mary)'s friends has also heard (him/her) talk about committing suicide.

Normal vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female) (child who is 8/youth who is 14) years old. (John/Mary) has several friends in (his/her) neighborhood that (he/she) gets together with one or two times per week, and is involved in several hobbies, including sports and music. (John/Mary) usually gets along fairly well with other kids, but occasionally has some problems with needing to have (his/her) own way or go first in games. (John/Mary) is of average intelligence at school, although (he/she) tends to be somewhat shy about participating in class. (John/Mary) is sometimes moody, but this comes and goes.

Asthma vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female) (child who is 8/youth who is 14) years old. (John/Mary) has a history of breathing problems. (John/Mary) often has bouts of coughing at night, and doesn't sleep very well. (His/Her) parents and teachers have noticed that these problems seem to be particularly bad during challenging situations, in the spring and fall, and during strenuous sports activities. (John/Mary) used to enjoy playing soccer but recently gave it up because of these problems. (John/Mary) feels badly about (his/her) breathing problems, which seem to be getting worse, and wishes (he/she) could "be just like other kids." (John/Mary) is involved in several hobbies, including sports and activities with several friends.

948. First, I'd like to know what you think may be wrong (if anything) with (John/Mary).
 PROBE: Anything else?

The next question refers to [COUNTRY NAMED IN NATBORN]. In a moment, I will show you a card that has three boxes—A, B, and C. There's something I want to explain before I show you the card. We just want you to choose one box. We do not need to know anything specific about what's inside the boxes.

Box A and Box B show pictures of houses. Box C is for any kind of house not shown in the pictures.

Box A
Farm

Box B
Apartment building
Hut, Shack or other nonstandard dwelling
Single-family house

Box C
Other type of dwelling (specify)

979. Thinking back to the time when you were born, tell me which box shows the kind of house your family lived in at that time: A, B, or C? We just want you to choose one box.

REMARKS: Hand Card C3 contains the following: Box A shows a boat. Box B shows airplane/ truck/ car, truck, or bus.
Box C is categories not shown in A or B.

IF RESPONDENT HESITATES OR CALLS OUT AN ITEM IN BOX B, SAY: If you're in Box B, we do not need to know which specific type of transportation applies to you. The reason is that, right now, we're focusing on Box A.

In a moment, I am going to show you another card with three boxes. Again, you answer by just picking a box. The question is about immigration, but it does not “zero in” on anything that people might not want to tell us. Here’s the card—which I need to explain before you answer.

As you can see, Box A at the top shows the immigration card for permanent legal residence in the United States; it is also called a “green card.” It is an official valid card issued to you by the United States government. Box B shows some drawings for U.S. citizen and other immigration categories; I would be happy to explain these if you like. Box C is for categories not listed in A or B.

981. Thinking of your current immigration status right now, is that in Box A, B, or C? If it's in Box B, we do not want to know which specific category applies to you, and there will be no more questions about Box B. (IF RESPONDENT ASKS WHY, SAY: Because right now we are focusing on Box A.)

**The 2004 Topical Module: Genes and the Environment
(Questions GENEVIG1-GENENVO4)**

INSTRUCTIONS FOR QUESTIONS GENEVIG16-GENENVO4:

Character, personality, and many types of behavior are influenced both by the genes people inherit from their parents and by what they learn and experience as they grow up. For each of the following descriptions, we would like you to indicate what percent of the person's behavior you believe is influenced by the genes they inherit, and what percent is influenced by their learning and experience and other aspects of their environment.

The boxes on handcard D1 are arranged so that the first box on the LEFT (which is numbered 1) represents 100% genetic influence (and 0% environment). The next box (numbered 2) represents 95% genes (and 5% environment), and so on. The RIGHTMOST box (numbered 21) represents 100% environmental influence (and no genetic influence). After each description, please type the number of the box that comes closest to your answer.

Please use the numbered scale on handcard D1 to indicate, FOR EACH OF THE BEHAVIORS DESCRIBED, what percent of the person's behavior you think is influenced by the genes they inherit, and what percent is influenced by their learning and experience. After each question, type the number of the box that comes closest to your answer. Remember, the higher the number, the more you think the behavior is influenced by learning and experience; the lower the number, the more you think it is influenced by genes

For questions ALLOFLFE-GODCLOSE: The list that follows includes items you may or may not experience. Please consider if and how often you have these experiences, and try to disregard whether you feel you should or should not have them. A number of items use the word 'God.' If this word is not a comfortable one, please substitute another idea that calls to mind the divine or holy for you.

You may experience the following in your daily life, if so how often.

1011. Experience a connection to all of life

REMARKS: There are a small number of inconsistent responses to the preceding items on alcohol consumption during the last year (e.g. reporting drinking 1-3 times a year on DRINKYR and drinking 4 or more times on DRINK6UP). These have been retained so researchers can examine these discrepancies. Hand Card F3 contains responses 1-9. This question was asked only to women respondents

**The 2006 Topical Module: Science
(Qs. NEWSFROM - NANOWILL)**

The questions in this module were asked on ballots 2-3 and 5-6. However, a split-version format was used for some sections. Qs. 1051-1060 were asked only to "Version Y", and Qs. 1061-1068 were asked only to "Version X".

1044. Now for another type of question. People have frequently noted that scientific research has produced benefits and harmful results. 1045. Now, for a slightly different type of question. When you read news stories, you see certain sets of words and terms. We are interested in how many people recognize certain kinds of terms. First, some articles refer to the results of a scientific study. When you read or hear the term scientific study, do you have a clear understanding of what it means, a general sense of what it means, or little understanding of what it means?

1047. Now, please think about this situation. Two scientists want to know if a certain drug is effective against high blood pressure. The first scientist wants to give the drug to one thousand people with high blood pressure and see how many of them experience lower blood pressure levels. The second scientist wants to give the drug to five hundred people with high blood pressure, and not give the drug to another five hundred people with high blood pressure, and see how many in both groups experience lower blood pressure levels. Which is the better way to test this drug?

The next few items concern some public issues.

1060. The first issue is global warming. Global warming means a trend toward warmer temperatures throughout the world, with more extreme weather in many places and changes in food production that could affect our way of life. Some people believe that the burning of gasoline and other fossil fuels causes global warming. Others say that global warming has purely natural causes.

1065. Here is another public issue: research that uses human embryonic stem cells. These are cells from human embryos that can develop into many different types of tissue. Some say that cells taken from human embryos are uniquely valuable in medical research. Others say that the same discoveries can be made without destroying living embryos.

REMARKS: Hand Card B14 contains responses 1-5.

1074. Here is another public issue: genetically modified foods. Genetically modified foods come from plants or animals whose characteristics have been changed by the alteration, addition, or deletion of DNA in their genetic material using advanced laboratory techniques.

Some say that genetically modified foods are unsafe and pose risks for human health. Others say that they are safe and necessary to reduce world hunger. Please look at Card B15. (On a scale of 1 to 5, where 1 means "Very Well" and 5 means "Not at All"), how well do the following groups understand the risks posed by genetically modified foods?

INSTRUCTION: IF ASKED WHAT "ADVANCED LABORATORY TECHNIQUES" MEANS: This typically involves "recombinant DNA" or "gene splicing," in which genetic material from one organism is inserted into the genes of another. Sometimes, the two organisms are members of different species.

REMARKS: Hand Card B22 contains responses 1-4.

1082. 2007-2008 has been designated the International Polar Year. During this year, many scientific and educational organizations will be making efforts to increase public awareness of the Earth's polar regions. These organizations hope that people will learn more about the people and animals that live near the poles, the changes taking place in the environment there, and new scientific discoveries about the Arctic and the Antarctic. Still looking at Card B22, do you think you would be very likely, somewhat likely, somewhat unlikely, or very unlikely to...

1083. The next few questions are about the Arctic and the Antarctic. The Arctic is the region around the North Pole; Antarctic is the region that contains the South Pole. These questions are like ones you might see on a television game show. If you don't know or aren't sure, just tell me so, and we will skip to the next question. Remember true, false, or don't know.

INSTRUCTION: DO NOT PROBE "DON'T KNOW"

1087. Here are a couple of true-false questions about nanotechnology. As before, if you don't know or aren't sure, just tell me so, and we will skip to the next question. Remember true, false, or don't know.

INSTRUCTION: DO NOT PROBE "DON'T KNOW."

- A. Nanotechnology involves manipulating extremely small units of matter, such as individual atoms, in order to produce better materials. (Is that true or false?)

IF ASKED: A stock option is a right to purchase stock at a set price for several years into the future, typically ten years. For example, one stock option at \$10 means that you can purchase your company stock for \$10 anytime over ten years. A stock option does not include a plan in which there are periodic deductions from payroll to set aside money to purchase shares at the end of an offering period. That is typically called an Employee Stock Purchase Plan.

I'm going to ask you some questions about all the people that you are acquainted with, meaning that you know their name and would stop and talk at least for a moment if you ran into the person on the street or in a shopping mall. Some of these questions may seem unusual but they are an important way to help us understand more about social networks in America. Please answer the questions as best you can.

**The 2006 Topical Module: Mental Health 1
(Qs. VIGVERMY-MHSYMP)**

REMARKS: Vignette text:

First, I'm going to describe a person, let's call (him/her) [Tyrone/John/Shontell/Mary]. After I read a description of (him/her) I'll ask you some questions about how you think and feel about (him/her). There are no right-or-wrong answers. I'm only interested in what you think of [Tyrone/John/Shontell/Mary].

Tyrone

Tyrone is a black man. For the last several weeks Tyrone has been feeling really down. He wakes up in the morning with a sad mood and heavy feeling that sticks with him all day long. He isn't enjoying things the way he normally would. In fact nothing seems to give him pleasure. Even when good things happen, they don't seem to make **Tyrone** happy. The smallest tasks are difficult to accomplish. He finds it hard to concentrate on anything. He feels out of energy, out of steam and cannot do things he usually does. And even though **Tyrone** feels tired, when night comes he can't go to sleep. **Tyrone** feels pretty worthless, very discouraged, and guilty. **Tyrone's** family has noticed that he has lost appetite and weight. He has pulled away from them and just doesn't feel like talking.

Tyrone is a **black man**. Up until a year ago, life was pretty okay for **Tyrone**. But then, things started to change. He thought that people around him were making disapproving comments, and talking behind his back. **Tyrone** was convinced that people were spying on him and that they could hear what he was thinking. **Tyrone** lost his drive to participate in his usual work and family activities and retreated to his home, eventually spending most of his time on his own. **Tyrone** became so preoccupied with what he was thinking that he skipped meals and stopped bathing regularly. At night, when everyone else was sleeping, he was walking back and forth at home. **Tyrone** was hearing voices even though no one else was around. These voices told him what to do and what to think. He has been living this way or six months.

Section F: NEW SCIENCE ITEMS

Now, we are going to do some more detailed questions on science and technology. Scientists and educators are interested in how familiar adults are with the things being taught in today's schools. Many of these questions are likely to concern things that weren't taught or emphasized when you were in school. Some of the questions involve pictures or graphs. SELF-ADMINISTERED CONDITION ONLY: You may not know the answer to every question. Just hit the [F7] key to move onto the next question. When you are ready, please ask the interviewer for the cards with the pictures.

1220. As part of a laboratory experiment, five students measured the weight of the same leaf four times. They recorded 20 slightly different weights. All of the work was done carefully and correctly. Their goal was to be as accurate as possible and reduce error in the experiment to a minimum. Which of the following is the best method to report the weight of the leaf?

B. Here's another public issue: nuclear power. Nuclear power uses the energy of the atom to generate electricity.

Some people say that nuclear power is a safe option to meet the energy needs of the United States without burning fossil fuels such as coal, oil, or natural gas. Others are concerned about potential risks in the operation of nuclear plants and about the disposal of nuclear waste. Please look at Card E13. And now some questions about taxes.

1372. If the government had a choice between reducing taxes or spending more on social programs like health care, social security, and unemployment benefits, which do you think it should do? (We mean all taxes together, including social security, income tax, sales tax, and all the rest.) PLEASE CHECK ONE BOX ONLY.

1394. In the first part of this questionnaire, we would like to ask you about your family and friends. For example, about how often you see or visit them, and when you turn to them for help or advice.

We would like to begin with your brothers and sisters. How many adult brothers and/or sisters - we mean brothers or sisters who are age 18 and older - do you have? (We mean brothers and sisters who are still alive. Please include step-brothers and -sisters, half-brothers and sisters and adopted brothers and sisters)

If you have no ADULT brothers or sisters, enter '0'.

REMARKS: See Appendix N for across survey changes.

1430. We would like to know what you think people in these jobs actually earn. Please write in how much you think they usually earn, each year, before taxes. Many people are not exactly sure about this but your best guess will be close enough. This may be difficult, but it is very important. So please try. Please write in how much they actually earn each year.

A. First, about how much do you think a bricklayer earns?

REMARKS: The numbers above have been collapsed for convenience of display.

1431. Next, what do you think people in these jobs ought to be paid -- how much do you think they should earn each year before taxes, regardless of what they actually get? Please write in how much they should earn each year.

A. First, about how much do you think a bricklayer should earn?

1446. These five diagrams show different types of society. Please read the descriptions and look at the diagrams and decide which you think best describes America today. . .

Type A: A small elite at the top, very few people in the middle and the great mass of people at the bottom.

Type B: A society like a pyramid with a small elite at the top, more people in the middle, and most at the bottom

Type C: A pyramid except that just a few people are at the very bottom

Type D: A society with most people in the middle

Type E: Many people near the top, and only a few near the bottom

REMARKS: Qs. FAMSUFFR and HUBBYWRK were asked as part of the 1991 ISSP module on religion; see also Qs. SPIRITS, GRACE, NEARGOD, GOD, JOBSALL, EQUALIZE, HAPUNHAP-ANTIREL. In 1994, TWOINCS used "man" and "woman." In 2002, in Qs. MAWRKWRM-FAMSUFFR, HOMEKID-FEJOBIND, the "disagree" category (punch 5) was collapsed to reflect both disagree and "strongly disagree" response options.

PLEASE ANSWER THIS QUESTION IF YOU EVER HAD CHILDREN.

1483. What about your spouse/partner at that time -- did he or she work outside the home full-time, part-time, or not at all . . .

A. After marrying and before you had children?

REMARKS: In 1991 this question was asked of all employed respondents as part of the Work Organization Module (Qs. 415-466). While a screener question was used in 1989, it was not used in 1991. Additionally in 1991, respondents were given the hand card used with Q. 466. In subsequent surveys, this question has been asked as it was in 1991. In 1989, it was asked of those whose employers have more than one physical location.
