Arrested 1-22-15

There have been five strong arm robberies and now one armed robbery between 1-15-15 and 1-29-15 in which the victims were teenagers (juveniles) on their way to or from school. The incidents have occurred just before and after school hours, in proximity to a school. Items taken have been mostly cellphones. The suspects typically ask to use the victims' phones. When the phones are produced, suspect(s) threaten and/or assault victims and forcibly take their phones. Suspect flight therefrom is typically on foot. A vehicle has only been reported in one incident. A backpack and money have also been taken in separate incidents. Officers are encouraged to maintain awareness of areas near schools around arrival time for students.
