

## STAFF DEVELOPMENT EXERCISE

### SDE 1.3 EVALUATION OF THE CURRENT SYSTEM

- a As an individual or in small groups, consider questions 1–3 and supply a maximum of three answers for each one.
- b Share the findings in larger groups and come to some form of consensus, then for question 1 discuss how the agreed components can be extended and enhanced. For questions 2 and 3 consider one short-term and one long-term action that will help – if you think more could and should be done then note those items.
- c Decide what changes will need to be made to the current behaviour policy and any other policies to embrace the areas identified.
