

CONQUERING LITERACY ACTIVITY 30: SYLLABLE PAIRS GAME (AP TP19)

Print and cut out the cards below. Write the number 1 on the back of the cards in the first grid and the number 2 on the back of the cards in the second grid. Place the cards face down on the table. Players must turn over one card from each set (1 and 2). If they make a real word, and read it correctly, they keep the cards and have another turn. If they do not make a real word, the cards are put back on the table. The player with the most cards wins the game.
