

# Chapter 3: Finding Data

## Exercises

Brian Fogarty

### Exercise 1

Using the UK Data Service website, do the following:

1. Find an **Open Access** dataset of interest to yourself.
2. Download the data and related codebooks.
3. After you complete Chapter 4, come back and read in your dataset to R.

### Exercise 2

Using the Harvard Dataverse website, do the following:

1. Find a dataset of interest to yourself.
2. Download the data and related codebooks.
3. After you complete Chapter 4, come back and read in your dataset to R.

For examples of answers see **Chapter 3 - Answers to Exercises**.
