I am accessing my SAGE amp course through  
Blackboard, Canvas, Brightspace, Moodle, or Sakai

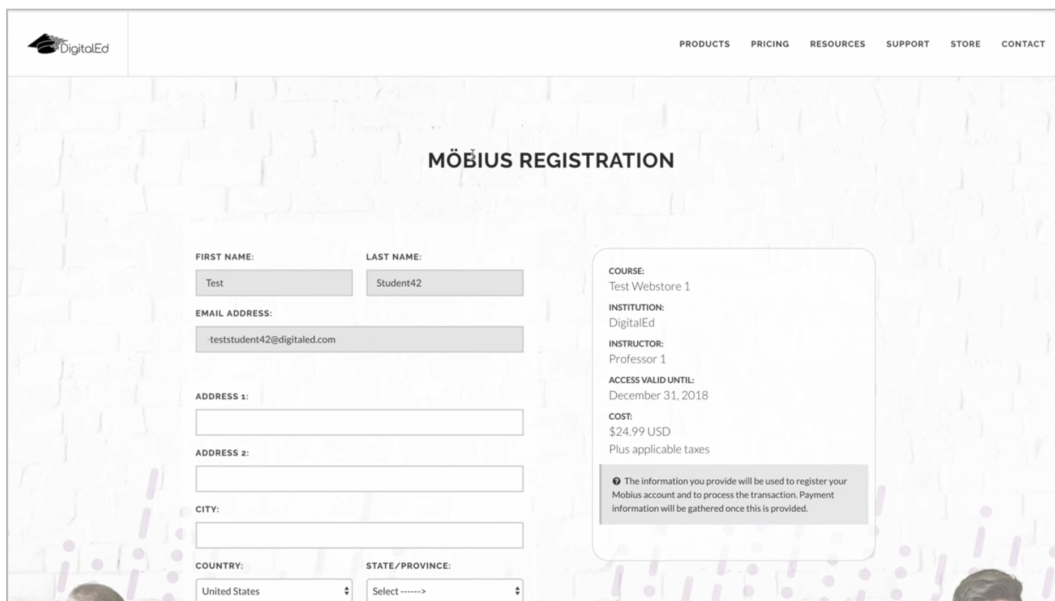

**GETTING STARTED: To get started in SAGE amp, you will need the following:**

- SAGE amp redemption code
  - Or a credit card to buy online
1. Log into your course's Learning Management System (LMS), such as Blackboard, Canvas, Brightspace, Moodle, or Sakai. Note that **SAGE amp, powered by Möbius, is a courseware system built in partnership with DigitalEd.** You will register for your course through DigitalEd's registration in the following steps.
  2. After logging into your LMS, click on your instructor-provided link to open SAGE amp, powered by Möbius, in your browser. The system will automatically detect if you have not yet purchased the required access to your class. Click "Continue".

The screenshot shows a dialog box titled "User License Required" from Möbius Courseware. It contains a message: "In order to access Test, a valid license is required." Below the message is a link that says "Select Continue to enter a redemption code or to purchase access." At the bottom of the dialog are two buttons: "Cancel" and "Continue".
