

Chapter 8 Mixed Methods Research Design

Activity	Complete?		
Consider whether mixing methods is more valuable than using just one method	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
Identify your purpose for mixing methods	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
Choose your research design	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
Identify your sampling frame	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
Decide whether to use probabilistic or non-probabilistic sampling	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
Identify potential gatekeepers to participants	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
Determine your sample size	Yes <input type="checkbox"/>	No <input type="checkbox"/>	N/A <input type="checkbox"/>
