

Mathematical PowerPoints

PP 11-1 *Polyomino Scatter Graph*

PowerPoint

PowerPoint 11-1, *Polyomino Scatter Graph*, shows how the Area and Perimeter Scatter Graph may be built up and used to draw conclusions about the properties of the shapes.

PP 11-2 *Brothers and Sisters*

PowerPoint

PowerPoint 11-2, *Brothers and Sisters*, provides an activity in which learners can collect and record a set of data using interlocking cubes, then process it directly by manipulating the data sticks rather than by calculating with figures.
