Object: cover three in a row with your counters.

Materials: game board, two kinds of counters, special number cube or spinner (4–9).

How to play:

- 1 Player one rolls or spins to determine the amount to add to 48.
- 2 Player states the addition number sentence and places the counter on the sum.
- 3 The next player rolls or spins, adds, and places the counter on the sum.
- 4 If the sum is no longer available, player may spin or roll again.
- 5 Players take turns until one player has three counters in a row, horizontally, vertically or diagonally.

Teaching Number in the Classroom with 4–8-Year-Olds
