## OCCUPATIONAL TITLE AND SOCIOECONOMIC PRESTIGE SCORES

Below are occupational titles and socioeconomic index scores for use in coding the question 25, SEI, on the above questionnaire. To find a respondent's SEI score, look through the occupational titles until you find one that matches or is similar to the respondent's occupation. Write the number that appears to the right of the occupation in the space provided for it in the right margin of question 25 on the questionnaire.

The occupational prestige scores were developed by Robert W. Hodge, Paul S. Siegel, and Peter H. Rossi at the University of Chicago (and updated in 1989 by Robert W. Hodge, Judith Treas, and Keiko Nakao). You can learn more about how the prestige scores were obtained by reading Appendices F and G in General Social Survey, 1972-2010: Cumulative Codebook (Smith, Marsden, \& Hout, 2011). ${ }^{1}$
