

Theme Six: Consolidation of key themes

Alternative Activity 1: Journey to Success

Learning Objective:

- A fun way of consolidating some of the key messages throughout the intervention.

Materials required:

- Printed Journey to Success Board
- Printed Question Cards
- Dice.
- Counters.

Worksheet available?

- No.

Activity Description

- This is the board game that we designed for the KS2 packs.
- The pupils will need to be in groups of six.
- First, show them the characters and ask them whether they know who they are.
- Each table/group is given a board game and pupils choose a character and a counter.
- Make sure each group has a set of Question Cards for each character.
- Explain that they roll the dice and move forward the corresponding number of spaces. If they land on a Question Circle, they pick up a Question Card for their character. The player then reads out the Question Card and all players discuss whether the statement is growth or fixed. If the statement is fixed the player should miss a go; if the statement is growth the player moves forward 2 places.
- The winner is the player who reaches the end (success) first.
