

Theme Two: The brain; dealing with mistakes and challenges

Additional Activity 1: Improvement Time

Learning Objective:

- To allow all pupils time to improve their work, and to highlight that we can all improve our work.

Materials required:

- None.

Worksheet available?

- No.

Activity description

- At the end of a given piece of work [this can be in every lesson, or just selected subjects], ask all pupils to spend 5-10 minutes improving their work.
- Refer to this as 'Improvement Time' to help pupils realise that they can all always improve on their work.
- This should also help pupils view this time as rewarding, not as a punishment for those who are less able or less willing to engage with learning.
