

Assignment

Each team has three tasks:

1. Using the CIA intelligence report *Tupac Amaru Revolutionary Movement: Growing Threat to US Interests in Peru* (see additional information below), identify and annotate the sections of the report that demonstrate that your policy tools (military assistance/military action, various dimensions of diplomacy, various aspects of covert action) could be effective in achieving the U.S. goal of countering the MRTA threat.
2. Using the intelligence reports listed below and any additional materials you can find through research, each team will develop an action plan to disrupt, dismantle, and destroy the MRTA.
3. Specify in detail the additional intelligence information you need to carry out your action plan, including your assessment of the collection techniques (the "INTS" discussed in Chapter 2) that will be most effective. I suggest you start with the information in the CIA report and then ask yourself the level of detailed intelligence your forces will need to carry out your planned actions.

Deliverables

Each team will submit a single, typed report (10 double-spaced pages or fewer) covering all three tasks. Each team will prepare a 5- to 10-minute voice-over PowerPoint presentation on Task 2—your team's action plan.
